

The Frewen Reserve Asset Disclosure Packet

*An Heirloom Collection of Imperial Jadeite and Rare Ruby – Tokenized on
Ethereum*

Executive Summary

Asset Name: Frewen Jade Collection

Location: Asprey Vaults, London

Ownership: Jonathan Briscoe Morten Frewen DiTuttavilla

Custody Documentation: Safe Keeping Receipt (SKR) from Asprey

Valuation: \$1.1 Billion USD (independent appraisal and insurance verified)

Composition: 33 pieces of imperial jadeite and 1 uncut ruby

Token Name: Frewen Reserve (FRWN)

Token Type: ERC-20

Blockchain: Ethereum Mainnet

Total Supply: 1,000,000 FRWN

Implied Token Value: \$1,100 USD per FRWN token

Use of Token: Private swap into BTC/USDT with a structured yield trading desk

Current Opportunity: Immediate issuance and swap execution to protect physical collection and avoid liquidation

Offer to Partner:

- Net participation in proceeds from high-yield trade cycle
- Advance bridge funding request secured against token structure and asset documentation

All supporting documents — including valuation, SKR, token whitepaper, and legal attestation are available in this packet.
